LEGAL SERVICES, SMEDA

The Legal Services (LS) department is a part of Business & Sector Development Services Division of the Small Medium Enterprises Development Authority and plays a key role in providing an overall facilitation and support to the small businesses. The LS believes that information dissemination among the small businesses on the existing legal & regulatory environment and business to business and business to client contracting is of paramount importance and plays a pivotal role in their sustainable development.

In order to facilitate small businesses, the LS, under the Pro-GOLE (Right to do business) project, a joint SMEDA-UNDP initiative for supporting the small businesses, has developed user-friendly contract templates.

Pro-GOLE, (Right to do Business)

The UNDP has partnered with the Small and Medium Enterprises Development Authority to initiate and execute the Pillar 4 (Right to do business) component of the UNDP PRO-GOLE project which seeks to enhance the legal awareness and mobility of marginalized/ informal businesses. Under the project legal services outreach shall be extended to small businesses including home based enterprises, small shopkeepers, growers, women entrepreneurs, hawking vendors etc. In addition, small business shall be mobilized to access legal services.

The Need for Commercial Contracts Templates

In an increasingly complex and competitive industry, it is vital that suppliers and purchasers are fully protected against legal and commercial risks. To counter such risks, a viable solution; available as- of the shelf commercial contract templates- will provide the users with first class ready to use support. With obligations properly set out and liabilities accurately defined, the users will be in a far better position to look after their rights and interests and move forward from their marginalized positions to being active players of the economy. The Legal Service Providers can equally take benefit of these templates for their professional and business development.
